

July 2019

From District Governor John Chambers...

Issue #1 2019-20

Let me begin the year by extending warm thanks and expressing my deep admiration for immediate PDG Paul Sincock and his wife Traci. What a great year inspiring all of us!

Wow, what a night we had at "Meet the Governor"! Many thanks to the Harrow Rotary Club for continuing this great tradition. Leading up to the MTG event the last couple of weeks, I participated in many installations of presidents and various club officers. Meeting with Rotarians at the clubs was impressive, hearing about the service projects they have accomplished and are planning for the future. I was ecstatic with the enthusiastic attitude of Rotarians. Their excitement was contagious. I was so excited that I had difficulty sleeping the night before the MTG night. I was happy to see so many people in Harrow attending. Many thanks to District 6380's PDG Mav Sanghvi, Wayne Bullen, DG Sparky Leonard and Laurie, and DGE Karen Gabrys who came to the event in Harrow. Beside being my doctor, Mav Sanghvi was my original sponsor into Rotary. I was happy and proud of the turn out of my home club, Detroit A.M. I was nervous about giving my speech. I have spoken in front of many groups, but none as large as "Meet the Governor Night". I look forward to working with everyone and participating in the club activities during the coming year. I am very humbled to be your District Governor in 2019-20.

The second week in July, I will be in Friendswood, Texas speaking to the Rotary club there and finalizing details with Mike Foreman, the astronaut speaking at District Conference in Kalahari May 15-17, 2020. He will amaze everyone with his great stories that will sure please anyone of any age. We are creating a family friendly conference and hope that Rotarians and their children will join us in Kalahari.

One of the other important programs of our District is Rotary Youth Exchange. I am happy that I will have the opportunity to attend the Central States Youth Exchange conference in Grand Rapids.

We have two major goals for 2019-2020. The first is to "grow Rotary"... to grow our service, to grow the impact of our projects, but most importantly to grow our membership so we can achieve more. The second goal is our families. We need to foster an environment where rotary does not compete with family but supports and compliments it. For me it is the "right thing to do".

RI President Elect Mark theme is Rotary Connects the World. Let's do the right thing in our club, district, zone and world to connect with each other. Look at your goals and interpersonal relationships with club members.

Sandy and I look forward to visiting with Rotarians during our official club visits, during the District Governor Golf Outing September 30th and throughout the year. Remember to Do the Right Thing and Connect the World with Rotary! DG John

Do The Right Thing! DG John & Sandy

Meet the Governor Night

A look at Rotary's prospective members

Why do people join Rotary? What makes them stay in their clubs, and what makes them leave? Rotary conducts the Membership Experience Feedback Survey every year to better understand the needs, interests, and engagement of Rotary's membership. The survey gives insights on each stage of membership — prospective, current, and resigned. In this issue and each of the next two issues of Membership Minute, we'll feature survey results for a different membership stage.

This issue spotlights survey results about Rotary's prospective members:

Prospective members join Rotary for local and international service, as well as personal and professional development.

- Awareness of and introductions to Rotary begin much earlier than interest in membership.
- Half of membership candidates have a personal connection to a Rotarian.
- People are aware of Rotary, their impressions are positive, and there is strong interest in Rotary membership.
- Younger, diverse professionals and business leaders are attracted to Rotary.
- Barriers to joining Rotary clubs include not being invited, cost and time constraints, and unmet expectations.

Read more about the survey results and learn how you can help create positive early experiences for prospective members in the [Prospective Members Executive Summary](#). The summary has links to resources and offers access to the full survey report. More survey results coming up later this summer!

10 things we can all do to grow Rotary

No matter your role, every Rotarian plays an important part in creating a welcoming club environment and growing Rotary. When new members feel like they belong, they stay.

What can you do to create a positive member experience? [Learn how](#) The Four-Way Test and the Rotary Code of Conduct can help you "treat people fairly, build better friendships, and create goodwill."

Is the passport model right for your club?

Passport clubs are increasingly popular in the Rotary world. These clubs offer flexibility that appeals to members with time constraints or those who may want a more varied club experience. Passport clubs allow members to tailor service requirements to their lifestyle and sample different club cultures within their district. [Find out](#) if the passport model is right for your club.

Traci Sincock welcomes District Governor John Chambers to her club as Northville Rotary sponsored its annual “Tour de Ville” on a damp Saturday morning, July 15th! Riders could cycle courses ranging from 10 to 54 miles around Northville!

Youth Exchange Students Gaspard and Takako were presented with PHFs during their June 10th visit to Windsor (1918). They then each gave excellent presentations about their experiences on their exchanges this year. They took the Club through their adventures, and it sounded like they both really enjoyed themselves and learned a ton! Malcolm Grant also gave the Club a recap about his experiences as an exchange student when he went to Zimbabwe the first time around, and then to Lithuania on his second trip.
