

2020-2021 District Grants Approved

The District Rotary Foundation Committee grants team would like to thank all 30 clubs that are participating in the 2020-21 D6400 District Grants program. Bill Jasman, District 6400 District Grants Officer coordinated the grant request process. The club grant requests were reviewed and all were approved by the District Rotary Foundation Committee voting members - Rick Caron, Chair; PDG Sue Goldsen, PDG Roberto Sanchez, PDG David Carpenter and Russ Jones. On July 23, our block grant application was approved by The Rotary Foundation. The 23 projects totaled \$98,600 to be invested in our communities including the \$49,600 District Block grant matching funds from the Rotary Foundation. This year we had 19 individual club community grants and 4 collaborative grants involving 2 or more clubs.

A special thanks to all the super District 6400 Rotarians that contribute to the Annual Fund each year. Because of the donations you made 3 years ago we can support our clubs' special community projects. If you or your club is interested in how you can take advantage of our District Grants program next year, contact Bill Jasman (wjasman60@gmail.com) or Russ Jones (rotary.russmjones@gmail.com) or simply attend one of our grants seminars next February or March.
